## Chairman's Message

#### **Congratulations to all** members on their 2014 achievements

Mother nature has certainly played her part in our calendar again this year from the torrential rain and horrendous flooding suffered down in the south of England at the start of the year through to the Indian Summer we are currently experiencing – as I write this report it is a balmy 16c and there are only five days left

**Carl Stephenson** 

until it is November.

In May we held our 51st Annual General Meeting. This year David Raine was re-elected as a Trustee. South West Chairman and long standing member of the Association Brian Dallyn was appointed as our President. Past Chairman Phil Davies was appointed as President elect. I would like to take this opportunity to thank all the Trustees and members of the Association council for their help and support they have given to me throughout this year.

The Association show stand has travelled far and wide across the UK in 2014 attending numerous NSA one day events, The Balmoral Show in Northern Ireland, The Royal Highland Show, The Great Yorkshire Show and The Royal Welsh Show and our last event of the year Agri Expo at Carlisle. I would like to thank everyone involved with the show stands at all of these events and for supplying some wonderful examples of the breed and their progeny.

There were four successful progeny shows held this year in Perth, Penrith, Antrim and Welshpool. Congratulations go to all our show champions this year and special mention to all members who consistently turn out sheep to such high standards at all our shows and events.

Our ram sales began at Kelso in early September, some of the sales saw an increase in numbers at some centres, whilst others maintained similar numbers to 2013. The top price for shearling rams was shared again this year with two selling at £7000, this was achieved by John & Mandy Smith-Jackson, SHAFTHILL who sold F9 at Hawes, and from M/s Lord, HEWGILL who sold F51 at Penrith. The top price realised for a ram lamb in 2014 was for G33 from M/s J Wight & Sons, MIDLOCK and he was sold for £15,000 at Hawes.

I would like to extend my sincere thanks to Helen and Rachael in the office who have both worked extremely hard over this past year to make my job as Chairman a lot easier.

My last job for this year is to wish you all a Very Merry Christmas and a Prosperous & Happy New Year.

## From The Office

#### 2015 Subscriptions

Payment of subscriptions is due on the 1st January 2015. If you do not pay your annual subscription to the Association by standing order, and would like to set one up so your subscription is never late, please contact the office for an application form. Remember non paid up members are automatically excluded from our mailing list.

#### **Registration Forms**

If you have not already returned your completed registration form to the office, then please do so by 31st December to make sure your pedigrees are in the Flock Book. If you have lost your original copy of your form and require another copy then please contact the office.

#### **NSA Events 2014**

The Association has travelled far and wide to attend various shows and events again this year. There were two NSA events this year - Scot Sheep in Berwickshire and NSA Malvern. Scot Sheep was

held on one of the wettest days of the year, and I would like to extend my thanks to everyone who helped with this event in the most testing of conditions to make the stand look as good as it did despite the rain.

NSA Malvern was held in the total opposite conditions of soaring temperatures, and not a raindrop in sight. Thank you to everyone who helped source sheep for these specialist events again this year.

#### **Shows 2014**

The Association were in attendance with their display stands at Balmoral Show in Northern Ireland, The Royal Highland Show, The Great Yorkshire Show and The Royal Welsh Show.

All these shows provided excellent classes of Bluefaced Leicesters and many congratulations to all winners and champions, and to all exhibitors for turning out their sheep to such a high standard. Agri Expo was our final event of the year held at Borderway Mart, Carlisle.

Presentation of the Arthur Yeats Chief Steward Anniversary Challenge Trophy at Builth Wells. This year's winner was G P Williams, Elian flock. Pictured - John Stott presenting Dewi Williams with the trophy.

#### **Sales 2014**

The sales got off to a wet and rainy start this year with the female sales in January at Hawes and Carlisle. Despite the weather there was a good turn out of both sheep and buyers and both centres achieved healthy averages. Top price at the Hawes sale was a gimmer hogg from I & P Brown, Oak House selling at £4400. Top price at Carlisle was a one crop ewe from M/s Booth, Smearsett selling at 9500 gns. Some of the ram sales saw a slight increase in numbers at some centres, whilst others maintained similar numbers to 2013. The top price for shearling rams was shared again this year with two selling at £7000, this was achieved by John and Mandy Smith-Jackson, SHAFTHILL who sold F9 at Hawes and M/s Lord, HEWGILL who sold F51 at Penrith. The top price realised for a ram lamb in 2014 was for G33 from M/s J Wight & Sons, MIDLOCK, and he was sold for £15,000 at the Hawes Sale. I would like to thank all members who returned sale entry forms in good time for catalogue preparation again this year.

#### **Ear Tags**

If you need to order replacement ear tags from the Association for your Bluefaced Leicesters, please remember we require the following details: Bluefaced Leicester side of the tag details; UK flock number with individual number; your CPH number. If it is a bought in animal and not your own breeding, we require proof of purchase – either by supplying the tag you need replacing or an Auctioneers invoice (this will be returned to you once the order is placed). If all of this information can be supplied at the time of ordering then it will allow us to improve the service for members.

#### **Grassroots Online Database**

Members have free access to the database system Grassroots. This can be found through a link on the website **www.blueleicester.co.uk**. Here members can check their flock details, and by using their personal password they can 'manage' their flock on-line by deleting dead animals and notifying the database of transfers off your own holding. Any additional stock you have purchased has to be notified to the office to be added to your flock records. Personal details can also be amended. Animal details cannot be amended – the office will have to be notified of any changes required. If you have forgotten your password, please contact the office and we will be happy to send you a reminder.

#### **E-mail Register**

An e-mail register is to be created for any member who wishes to receive relevant information from Association Council Meetings and National Annual General Meetings. The details provided in the e-mail will be regarding decisions made from these meetings, and the e-mails will be sent to members once the minutes are approved. If you wish to join the list, then please forward an e-mail to the Association office at **info@blueleicester.co.uk** with your name, flock number and prefix.

#### **Twitter**

If you have not already signed up to follow the Association on Twitter, you can do so by visiting our website **www.blueleicester.co.uk** and follow the links to Twitter and join in the conversation.

#### **Christmas and New Year Arrangements**

The office will close at 1pm Thursday 18th December, 2014 and will reopen Monday 5th January, 2015. Rachael and I would like to wish you all a Very Merry Christmas and a Prosperous and Happy New Year.

## Penrith Progeny Show

Another great show of Bluefaced Leicesters and Mules at Penrith again this year, and the man with the task of judging the biggest show of Blues for many years was Elfyn Owen, Cernyw Flock, North Wales. Having a tremendous day was Scott Thomason, Piel View Flock, Barrow-in-Furness, taking the individual Championship with a shearling gimmer by Hazelwood Z1 and out of a ewe sired by Middle Dukesfield W6 and Reserve Champion with a ram lamb by Kildalloig F17 and out of a ewe by Barlaes T3. He also went on to win the progeny show with three powerful gimmer shearlings by Hazelwood Z1. Scott Thomason also took the Reserve Male with a Myfyrian ram bought at Carlisle in partnership with Mr Dixon, Alwinton Flock, Northumberland sired by Craig yr Orsedd D1.

John Stott, Laund Flock, Lancashire also had a good day winning the Reserve Female Champion ticket in the individual section with a ewe

by Mereoak B17 and also reserve in the progeny section with three sharp gimmer lambs by Tanhouse Farm E1.

Prizes in the Mule section were again dominated by the bloodlines of the renowned crossing sire Hundith Z4. Champion in the individual section was R & F Wilson, Carrholme, Carlisle with a ewe purchased from Neil Marston, Highberries sired by Hundith Z4, and a Hundith Z4 sired ewe lamb from Neil Marston, Highberries flock, Cockermouth took the reserve ticket in the individual Mule section this year. In the Mule progeny classes the champion came from Michael James, Duhonw flock with three Welsh Mules with their sire, Old Hemley D7, who is by Tanhouse Farm C2 out of a ewe by Midlock Y1. These Mule lambs were to be sold at Welshpool. Reserve Mule group were three Swaledale type ewe lambs from J C & E Pedley & Son, Yorehouse, Lunds. The reserve group were sired by Midlock C16 bought at Carlisle in 2010 and the Mule lambs were to be sold at Hawes.

## Co Antrim Progeny Show

Following days with the temperatures soaring to a scorching 30 degrees or so, it was a bit of relief for the sheep and shepherds alike to have some cloud cover and a touch of rain at the Co. Antrim Progeny Show. As ever, the classes were very strong and the quality put in front of the judge, David Brown, Agglethorpe, has improved quite a bit over the last few years, and it certainly made his job difficult.

In the individual section, it was Seamus Laverty from the Orra View flock who was collecting the top accolade with a really smart gimmer shearling by the Cottage "Contraband" tup which has certainly made his presence felt over in Northern Ireland since his arrival five years since, taking several championships himself and siring many more winners along the way. She was also part of the progeny champion group, with last year's gimmer lambs following up their success and taking the championship again, making it that four years in a row that the Cottage tup has taken the progeny title, which must be some kind of record. And just to prove the point of how good his breeding is, son of the Cottage tup which was out of a Tanhouse sired ewe, which he retained and gave eight Blue ewes, and his trio of tup lambs certainly caught the eye, and pushed them, as a group into the reserve place. The reserve champion in the BFL section went to Richard Graham,

Seamus also took the reserve progeny championship with a homebred

Tullyvallen, who was making his debut at the show, with a ram lamb. This came top of the pile in the tup lamb section, with some 21 sheep in, showing great strength and quality throughout. This powerful lamb from Tullyvallen is by the legendry Z4 Hundith, with Richard buying some semen and getting himself a set of twins out of a Jack Lawson ewe he bought at Carlisle by the Z5 Hundith. He was also the champion at the Castlewellan Show and was heading to the Ballymena sale. It was a good day for the Z4 breeding, as he sired the gimmer lamb first prize for Michelle Wright, and at the same time the Z4 Mule lambs were picking up the tickets at the Penrith Progeny Show.

Three ewe lambs with their sire

1-J Adams & Sons, 2-E & P McCormick, 3-A Stewart

In the keenly contested Mule section, James Mills and son Jason had a great day, taking the champion Mule and then taking a step up from last year to win the Mule progeny show too, and when going head to head with the BFL progeny champions, blowing them away too! These lambs, with some exceptional colour, caught the judge's eye big time. The Mills are based in Ballytober, and breed Blackies and Mules, selling around 200 gimmer lambs each year at Ballymena, where they have won the last couple of years. This is the third time they have shown here, and the sire to the lambs E26 Firth, was picked out by 14 year old Jason, and bought at Kelso last year for £2400. He is by the D4 Tanhouse Farm and out of a ewe by A13 Kirkby Redgate.

The sun did break through the cloud for a while at least, but the weather remained hot, as did the competition in each and every class. Each year the standard steps up a notch, and it is becoming one of the bench mark shows in the BFL calendar, and long may that remain the case.

## Perth Progeny Show

This year's Northern Progeny Show was hosted by Perth Show, and the Central Scotland location attracted both quantity and quality with a great show of over 110 Bluefaced Leicesters.

Perth Show were great hosts providing marquees to house the progeny show in, which were very much appreciated on a typically wet Scottish summers day. Judge for the day was renowned breeder Nicky Robinson, Cocklaw flock, Northumberland.

His champion in the individual section was a gimmer from A & J Adam, Glamis flock, Forfar. She was sired by Middle Dukesfield E1, and out of a ewe sired by Craighall Z1. Reserve in the individual section was a ram lamb from R K Bryce & Son, and he was sired by Drinkstone E2, and out of a ewe by a Glenelg sire.

In the progeny section, it was a pair of sharp three crop ewes from M & C Drummond, Cassington Flock, Maybole that took the championship. They were twins sired by the top high indexed ram Myfyrian Blue Dragon

## Welsh Progeny Show

Welshpool Livestock sales kindly hosted the region's 2014 Progeny Show with sponsorship generously provided by Animax's Iwan Davies. An excellent attendance of exhibitors gave south Wales judge Tudor Harries an epic judging session, with as high a standard of sheep as ever on this noted day in the showing calendar. In the showing classes the overall champion was awarded to Elfyn Owen, Cernyw flock for his first prize recorded ram lamb. This solid, stocky, stylish lamb 1070/G1 was sired by the famous Cernyw "Muscleman" C15 who has produced a series of excellent rams for Elfyn. This ram lamb is being retained for breeding in the Cernyw flock. It's dam is a ewe purchased from Phil May of the Derwenlas flock showing how well Elfyn's rams perform on different blood lines. The reserve overall and female champion was a clean upstanding yearling ewe from Raymond Harding, Shrewbridge flock. This female is sired by Lydbury Marcus who has done so well over the years and produced many excellent females. Raymond also won the aged ewe class. Reserve male champion went to Aled Jones' winner of the open ram lamb class Craig yr Orsedd G1. This lamb was

sired by Arkleby B1 out of 3363/Z69. This ram lamb is a full brother to the ram lamb 3363/E1 which won the champion progeny group in 2012. Reserve female champion was achieved again by Craig yr Orsedd with the very sharp first prized ewe lamb sired by 3363/E25 a twin to E1. Phil May also had great success winning the aged ram class in partnership with J Williams and then going on to win the yearling ram class.

The progeny classes were fiercely contested with an excellent display of groups of Leicesters from all the breeders present. The Championship was contested between four excellent progeny groups. First prize winning group of three ram lambs from Elfyn Owen sired by Cernyw C15. First prize yearling ewes sired by Lydbury Marcus from Raymond Harding. First prize group of three ewe lambs from Aled Jones sired by Craig yr Orsedd E25, and again first prize recorded ram lamb and ewe lamb show with their E25. Emerging as overall champion group was Aled's group of three ewe lambs. They were sharp and upstanding and their sire Craig yr Orsedd E25 himself was one of three winning ram

Champion Mule Progeny Group -S Abberley

lambs in the 2012 progeny show. This ram was retained after suffering a leg injury. Winning champion progeny group this year makes it a hat trick for Aled's Craig yr Orsedd flock with wins in 2012 and 2013 for Arkleby B1 progeny and this year for E25.

1-S A & R P Jones

The Mule classes were judged by prolific Mule breeder Mr Ken Jones. Winning the days individual champion was Stephen Abberley, Old Hemley flock with a smart, upstanding coloured ewe lamb. This again was a hat trick with Stephen and family winning the championship for the third consecutive year. Reserve overall champion went to Elfyn Owen with a powerful whitefaced Mule ewe ending an excellent day for the Owen family. The whitefaced ewe lamb class was won by Stuart Lane with a strong sharp sheep. The Mule progeny overall championship was also won by Stephen Abberley completing a very successful day

for the Old Hemley flock. These homebred ewe lambs standing with excellent legs, character and strong clear markings were the judge's choice for the day. Standing reserve champion Mule group were three very smart well grown whitefaced ewe lambs from S Lane & C Wood. These ewe lambs were a real credit to their stockmanship especially as it was only their second progeny show. The talk of the day was the quality of the sheep and strength and depth of the showing classes.

## Performance

## Recording is as easy as ABC

As the demand for performance recorded Bluefaced Leicester rams increases, the Association is looking to encourage other flocks to get involved. Some breeders are reluctant to start recording as they feel that there will be a lot of work involved, and this is not the case. Most of the paper work involved is what most breeders already record - date of birth, birth type, sex etc. Recording birth weight is not required in Bluefaced Leicesters. The first weighing is the eight week weight, and this isn't as difficult as it sounds either. They can be weighed in a large window from six weeks to 12 weeks, and so usually the flock's whole lamb crop can be weighed on the same day, and the data is then corrected by Signet. The only other task is the scanning, and this done in the beginning of August by a contractor. The lambs are also weighed that day, and that is more or less it. Signet will then do the number crunching, and get the results back to you.

Three breeders tell you their thoughts on recording, Matthew Seed, Phil Davis and Gareth Roberts.

#### Matthew Seed - Auchry Flock

One of our main breeding objectives at Auchry is to produce rams suitable for the commercial market. We believe a top pedigree sheep should also be a top commercial breeding sheep. To this end, there are two main points we consider:

A ram should be functional, i.e fit to go out and serve ewes. Visual assessment is vital here - a ram must be strong, and structurally sound. He must have sound legs and good pasterns.

Secondly, he must have the desired characteristics required to cross with a hill breed and produce a Mule, and obviously a visual assessment is also important - colour, style and quality of skin. Equally important is milk yield, in particular eight week weight. A lowland Mule ewe must be capable of rearing two lambs. Also growth rate and muscle depth - efficient lowland units will want to see lambs sold fat off their mothers at good carcase grades, and the terminal sire choice will still only provide 50% of the lambs genetics.

I believe we are managing to produce rams which can hold their own in the show ring, and have performance data to help the customer, and we have competed well at local and national shows and sales all season.

We do not find recording increases our workload much at all. We weigh our lambs regularly as I'm sure most breeders do, so there is just the scanning extra, which only takes a few hours anyway.

We tend not to take too much notice of the index figure for selecting females to retain, but prefer to look at specific EBVs for traits which

we consider important in our flock, in particular eight week weight, scan weight and muscle depth. We believe this is helping us to acheive what we want from our flock, and have been pleased this year as all our ewes reared two lambs, and our lambs were as strong as anybodys at the sales!

#### Phil Davies - Gornal Flock

I started performance recording five years ago, driven by the interest of my commercial ram customers (some younger farmers) especially those looking to grow sheep off grass by improving their Mule flock. The quality of their ewes is important, but also the easier fattening of their Mule ram lambs is becoming a big selling factor in profitability.

I entered the scheme with some hesitation as to the results I may achieve, but without a doubt, my sales privately, and through breed sales have increased dramatically from new and repeat buyers.

It is also very important to use estimated breeding values (EBV) as a management tool, as well as from a marketing angle as it has become apparent that some families constantly breed higher performance, quicker growing lambs than others.

Obviously it is very important that the conformation and appearance of the animal is critical to customers whether pedigree or commercial. A ram or a female with high EBV, and great breed characteristics will obviously have much added value. The scheme operated by Signet is very simple, but effective. I weigh and record the lambs at approximately eight weeks, and then personnel from Signet scan and weigh the lambs at 21 weeks. Both male and female lambs are recorded for total flock improvement.

The system is very cost effective (partly subsidised by BFL Association) and is a tremendous help with flock recording (ancestry etc) and makes the entering of sheep for sales very easy.

Gareth Roberts - Myfyrian X Flock
Performance recording makes it essential
for us to keep good accurate records, and
you get a hard copy that you can always
refer back to.

Included are all the pedigree details of each animal, and all details of their dams and sires.

Everything recorded in one book each year, instead of lots of bits of paper or even worse trying to just remember!

We just have a clipboard handy in the lambing shed to record - date of birth, sex of each lamb, sire, dam, birth weight, and if they get adopted on to another ewe, her details and the tag no of each lamb.

The next time we have to collect information is the eight week weights, and we usually link this up with a dosing day, and doesn't take long when you have them in to do this one extra job. The next weigh day links up with the scanning day at around 21 weeks. This is a good time to make sure all paperwork is correct and tidy up any loose ends before Signet pull all these details together and present you with a nice tidy reference booklet. That's it done for another year, so it really is very easy to do. We reap all the benefits of Performance Recording our Bluefaced Leicesters as we retain nearly all our Mule ewe lambs for our own commercial Mule flock. The Myfyrian flock has recorded for nearly 20 years and we can see the benefit in the Mule ewe.

50th Anniversary Youth Scholarship winner - Ifan Owen's **Visit To New Zealand** 

I am privileged to have been the recipient of the Bluefaced Leicester Association Young Scholarship Fund as they celebrated their 50th Anniversary, and I would like to thank the Association for this award. The scholarship fund went towards travelling costs on my visit to New Zealand, where I learnt how sheep breeders there make good use of geonomic technology within their flocks.

#### Geonomics

Ifan Owen

Geonomic technology is being used in a number of areas within the sheep industry in New Zealand: 'Myomax gene' (improving meat yields), 'sheep 50K and 5K' (markers for DNA) for better selection and faster genetic gain, and 'Shepherd plus' (most commonly used).

**Shepherd plus:** This technology enables the parents of lambs to be determined very accurately, without also having to record ewes in each mob. This makes the whole of the lambing process much easier for the shepherd, but even better, its making sure that the parentage is right. Andrew Tripp of the Nithdale Flock commented "I always thought I did a good job at matching lambs to ewes at lambing time, but it was never 100% accurate". This technology will pick up any progeny that are sired by stray rams that might have got into the mobs of ewes. "The first step in breeding stud sheep is making sure we have the parentage right".

Sheep 50K: This is a relatively new technology that is developing quickly. Nithdale genetics have tested their sires for Sheep 50K for the 5th year, and the number of traits that they can now get genetic information based on the animal's DNA continues to increase. These traits now include fertility, worm resistance, weaning weights, carcase weights, wool weights, fat and meat yield and Facial Eczema tolerance. These 'molecular' breeding values are then blended with existing estimated breeding values (EBV's) based on performance information. Andrew said "The main benefit is that the information we have to use to make selection decisions on (culling or sires to use) is more accurate". By being able to make better, informed selection decisions, flocks will be able to make approximately another 50% genetic gain over and above what they are already making. The results farmers receive include a summary with a percentage rank based on all the sheep that have been tested. Out of the approximate 3000 Romney sires in New Zealand tested to date, one sire Nithdale flock is using ranks in the top 1% for weaning weight and carcase weight, the top 1% for wool weight, the top 4% for eye muscle area and meat yield and the top 5% for WormFEC. Andrew added "Future of sheep farming will have more emphasis on improving performance and low

cost input systems, particularly on extensive properties where change in land use is limited".

#### **Ram Sales and Performance Recording**

A ram ordering form is sent out where the client can specify what kind of ram(s) they're after, based on figures, before returning the form. The breeder categorises all of the rams fit for breeding according to indexes and allocates a set price on each category. The price of a two tooth ram of a maternal line from a breeding company 'Focus Genetics' would be \$1500 for the top category and \$800 for the bottom, consisting of four categories. The sale category changes as genetic progress is gained each year. For stud breeders Andrew and Russell Welsh, the 'on farm selling routine' is to group the rams in different paddocks according to their category and gather a selection of the mob at random into the shearing shed, "we do this for every client, this way every client gets a different choice of rams" said Andrew Welsh. The buyer then gets hands on in the handling pens where the figures of each animal are displayed on a screen, with individual traits being shown as EBV's. "We go through our rams as hoggets to give them a 'once over' check, and then culling for any weaknesses, as we do not want any client to take a ram that is not fit for breeding" said Russell Welsh. Although some stud ram lambs are culled, information such as meat yield can be recorded and introduced into the database and contributed towards the index of its sire, which in my opinion is a great way of adding value since its more than just a 'fat lamb'. Russell Welsh from the TEFRom stud has seen a drastic change in the sheep industry over the last 15 years in New Zealand. Sixteen years ago, he and his son Andrew decided to take a big step which was to start his own composite breed, based on their pure Romney flock. "There were too many stud breeders concentrating on breeding rams for show, which led to rams not performing, and not doing what they were supposed to" said Russell. Most of the ram studs in New Zealand are now performance recording, especially the ones on the larger scale. Russell foresees the same change will happen here in the UK.

Having had the experience of seeing what's happening in New Zealand, and what could happen in the UK in the future, I am keen to pursue with breeding top performing sheep and having proof of that through performance recording. In my opinion, performance recording is just another trait you breed from, and it is only part of the 'perfect sheep' you are after as a breeder. Now's the time for breeders to grab it with both hands, and embrace the next challenge if we are to see the breed holding its place as the leading crossing sire throughout the British Isles in years to come.

Midlock

Sons of Mustang — Catching the eye all back end!

Thank you all our customers this year, and hope you have an exciting lambing time!

Females for sale at the Carlisle January in lamb sale, including ewes in lamb to Mustang

## **Southern Ireland** Ram Sale in Ballinrobe

Report by Thomas Staunton

Female class.
Prize Winners
L to R: W Dowling
Furryhill (third),
K Staunton Mask
View (first and
champion of the
sale) and
P McGrath,
Caoramor (second).

There was a flying trade at the annual Bluefaced Leicester show and sale in Ballinrobe, Co Mayo which is now in its sixth year. This was on the back of a solid trade for Mule ewe lambs and ewe hoggets at Ballinrobe earlier in the autumn. The popularity of the Bluefaced Leicester in Ireland is ever increasing with many farmers changing their approach and deciding to use a more prolific and milky type of sheep. All flocks turned out a brilliant show of sheep that were judged by Mr Eamon McCormick (Brablagh Flock) Cushendun, Co Antrim. It was a difficult task to separate some very evenly matched sheep. and we thank Eamon and his son Nial for travelling the long distance. The Champion of the show was a ewe lamb from Tom Staunton and the Mask View flock. This daughter of Firth E13 had good strength and colour and later sold for 1050 Euros. The winner in the ram lamb section was a great lamb from Kieran McGrath (Caoramor) which also took Reserve Champion of the show. This lamb later sold for 950 Euros to Emmet Sweeny (Quigabar). The winner in the aged and shearling ram class was an aged ram from the Mask View Flock. This ram was bred by the Sandholes flock and sold for 1410 Euros. The top priced shearling from the Aughafoy flock sold for 1520 Euros, and the sale average was 838 Euros for 30 shearlings sold. The top priced ram lamb from the Mask View flock sold for 1100 Euros with an average of 554 Euros for 34 ram lambs sold. The eight females sold averaged 436 Euros.

There was a tremendous atmosphere created by a bumper crowd which led to a very successful sale in Ballinrobe. Many shearlings and aged rams surpassed the 1000 Euros mark. The sale also broke all its records with record prices for shearlings, ram lambs and females. The future for the sale and the breed looks very bright for the South of Ireland Bluefaced Leicester Club.

Middle Photo: Ram lamb class prize winners L to R: P Sammon, Firmount (third), P McGrath (first) and K Staunton (second).

Bottom Photo: Aged and shearling ram class winner - K Staunton, and Judge E McCormick.

## Publicity News

The only certainty in agriculture is the uncertainty of it, as we look back on a very challenging sale season for both Bluefaced Leicesters and their progeny the Mule, it is difficult to pin reasons or trends. The trade at some sale centres seem to be on the decline and vendors seem to converge on a few "super sales" that this year didn't end until the dark of night or even the next morning. The price we get for our stock seems to rely on a cocktail of factors and circumstances - the weather, the value of the pound, and the drop in supermarket share prices - the list is endless. One of the biggest factors that affected our lamb price this year was a little fall out our government had with Russia. The UK politicians and press seem to have forgotten all about it now, but unfortunately the Russians haven't, as they are still not buying our lamb hides. This in turn is reducing the price of prime lambs by about £8 per head this year, depressing the trade of the whole sheep industry. When we listen

to the experts and advisors in our sheep industry, they tell us that we really shouldn't concern ourselves too much about poor global prices or political unrest as we as sheep farmers can do little to resolve these problems, and we are better to concentrate on the things we can do something about - increasing the efficiency in our business and to market our stock to the best of our abilities.

Promotion of our breed must be treated in the same way. We have no way of knowing what is around the corner for 2015 - with the uncertainty in our future role in the EU, supermarkets under pressure to maintain profit and concern over future agricultural support, it has never been more important to focus our promotional efforts. We need to continually identify our emerging competition and challenge their claims. We have to keep proving the outstanding ability of the Mule even though we may know the Mule is the best, as there will always be a constant supply of competitors that have to be seen off. Individual breeders promoting their own stock to their own market has never been as important as it is today. As I previously mentioned, BFL sales this year have been challenging, but numerous flocks have had a very successful sale season. For these flocks, promotion in its many guises has paid off. Flocks promote themselves in many ways - in the show ring, in the Mule sale ring, in adverts in papers and magazines and most recently on social media - Twitter, Facebook and the Association's own Mulebook. Promotion is obviously only part of it, the product must be right, but promotion is the tool that finishes the job. Promotion of the Mule in particular must focus on the youth, the vast majority of Mules sold are sold to sheep farmers that have always used them and often bought from the same Marts or even the same breeders every year. There is little point preaching to the converted. As margins become tighter, and the near certainty of reduction of government support hits home, the

next generation of farmers are not going to do things as their fathers did without questioning it, and at least considering the alternatives. By tailoring promotion and advertising to this small niche, we can convince tomorrow's sheep farmers that the modern Mule in its many forms is the ewe to deliver profit and efficiency to their businesses.

Mules produced from

Rough
Written by
Jayne Knowles

Fell ewes

The Rough Fell's ability to produce big, milky Mules as an alternative to other types of Mules is not as widely appreciated as it could be. Mules produced out of Rough Fell ewes by a Bluefaced Leicester tup have been a steady earner for many years.

But now, more of the Rough Fells Association's 220 or so members are now responding to the growing demand for these Mules which are well capable in most cases, of being lambed as hoggs. Although I am keen to make it clear from the outset that any promotion of the Rough Fell Mule is not a 'Rough versus NEMSA or any other horned Mule exercise. It is simply to raise awareness of it as an alternative, acknowledging it is not in the same league in terms of available numbers.

We also use Texel tups on the pure Rough Fells to produce prime lambs, but the Bluefaced sired Mule gimmer lambs make more, and the wethers have a really good carcase at about 21kg dw. Last year our Rough Fell Mule wethers averaged £75. Our top price this year for Rough Fell Mule gimmer lambs in the Ambleside Fair was £160, and we averaged £96, but it is only awareness, and demand that drive the price, and it is only going to go one way as more people appreciate

they are every bit as good as other Mules, and will fit well into a wide range of management systems.

Their features are pretty much the same, but they tend to have a bigger frame and more bone. Some can have more white on the face than the Swaledalebred Mules, but the majority are every bit as 'flashy'. However, it's the carcase that makes the money in the end. The size and shape of these Mules will sell them. They are normally sold at Kendal Auction now (junction 36 Crooklands) Ambleside Fair in September, Penrith, Bentham, Hawes and Kirkby Stephen Auctions. I would expect this year there will be topside of

2000 on offer, and they are sold to buyers all over the country from Cumbria to as far as Devon and Somerset.

I acknowledge the Rough Fell was often perceived as a more woolly sheep with a long thick fleece, but said the modern Rough Fell had much less wool, and it was therefore no detriment to the attractiveness and jacket of the resulting Mule. Pure-bred Rough Fell ewes, on account of their frame, can make significantly more than most horned breeds as culls, and the sale of draft ewes is also an important contributor to farm income.

A couple of years ago, a Lancashire farmer thought he would try some Rough Fell Mules and said "I have not really had Rough Fell Mules for that long yet, but they do seem to have more bone and they are really good mothers. I think they have a better shape than some Mules, and they also wear very well in the mouth, but I do also still like the Dalesbred Mules."

## News From Your

### Bluefaced Leicester Regions

#### **North East**

As I start to write my very first report for the North East on a cold and dark night, I am reminded that the year is quickly drawing to a close, but what a year it has been... In the first week of February, my friends in the North East kindly nominated me for Chairman and a few days later I got married, all before the start of lambing!

Our agricultural events of the year kicked off with the Great Yorkshire Show on the 8th, 9th and 10th of July. The sun was looking down on Judge Cecil Hutchinson for most of the time until the heavens opened, and he had to find his coat. On the day there was one man with a big smile on his face, and that was John Stott as he came away with Breed Champion, and Reserve Champion. The Breed Champion was a very smart gimmer lamb by the E1 Tanhouse Farm and the Reserve Champion was a tup John shared with the Stenton family. Thanks must go to Jim Stenton and family for providing the sheep for the show stand.

We then moved on to the pre-show and sale at Hexham on the 24th September. The champion was a strong and well put together shearling from Alan and Peter Forster (Lowes Fell). This tup went on to make £1,150. Then at Hawes on the 2nd October, we had nearly 900 sheep to be sold in one day. It was Welsh breeder Michael James who came away from the pre-show with not only the Champion, but the Reserve Champion too, with each selling to £6,000 and £4,000 respectively. As at previous sales it was the Midlock flock that had everyone's attention with the G33 lamb selling for £15,000 and a G35 for £11,000, with a very impressive average of £6,683.

I don't think there is anything left to say apart from wishing you all a very Merry Christmas and all the best for the New Year.

Oliver Scown, North East Chairman.

#### **North West**

As I write this report for the North West Region, it is warm, wet and windy, but we have had a great Spring, Summer and Autumn. The grass has grown well and stock on the whole have done very well.

The first summer event was Penrith Show hosting the Progeny Show on Saturday 26th July 2014. Once again the weather was perfect, and a pleasure to be outdoors. We had a very large entry, the most ever. Elfyn Owen, the judge for the Leicester classes had a lot of work to do before lunch. The North West members enjoyed a successful day with Scott Thomason taking Champion with a gimmer shearling and Reserve Champion with a tup lamb. He also took Champion Progeny Group with three gimmers by the same sire. The Reserve Champion Group went to John Stott with three ewe lambs and their sire.

The Mule section was judged by Carl Stephenson and Andrew Nicholson. The Champion was a Mule ewe from Ron and Fran Wilson and the Reserve Champion was a Mule ewe lamb from Neil Marston. The Champion Progeny Group was from Michael James with three

Welsh Mule ewe lambs shown with their sire. The Reserve Champion Group came from J C & E Pedley & Son. A big thank you to the judges and stewards and also to the exhibitors for taking part.

#### Sales

**Longtown:** Cumberland and Dumfriesshire Farmers Mart held its Inaugural sale on 17th September 2014. A good entry of 105 sheep met a good trade, with both traditional and crossing types selling well. Vendors and buyers were both satisfied. The Overall Champion was a tup lamb from Mosser Mains selling for  $\mathfrak{L}900$  and the top price was a tup lamb from Midlock selling to  $\mathfrak{L}3500$ .

**Penrith:** This was held at Penrith Auction Mart on 9th October 2014. A good crowd was present and there was a high standard of sheep forward. The Overall Champion came from Messrs Lord, Hewgill, with a shearling tup which sold for £2800. Top price was a shearling tup from Hewgill which sold for £7000.

Carlisle: Harrison & Hetherington, Borderway Mart held their sale on 10th October 2014 with a very large entry of 1100 sheep of which 802 entered were tup lambs. It was a very long day with the judging at 7.30 am and the last sheep went through the ring at 9.40 pm. It was no surprise it was a struggle to sell them with supply bigger than demand with just over two thirds of sheep being sold. Overall Champion was a tup lamb from Quarry House and it sold for £2000. The Reserve Champion was also a tup lamb from Street and it sold for £6500. Top price of the day came from Midlock flock, with a tup lamb selling for £8000.

**Anne Little - North West Region Chairman** 

#### **Wales & South**

The cycle has started again, with tupping well under way. As I write this report it is raining and blowing a gale, so let's hope for a mild winter and spring like last year.

The show season started with the Royal Welsh Show judged by Graham Dixon from the Alwinton Flock. The weather was great with the sun shining and some excellent sheep forward for judging. It was Tegwyn Jones who took the overall Championship with a ram lamb sired by D7 Old Hemley, and out of a ewe bought from the Smearsett flock. Elfyn Owen won the Reserve Championship with a ewe sired by his homebred C15 'Muscle Man', and out of a Shrewbridge bred ewe. Then a good evening was had by all at the breed's party.

Then we moved on to Sheep 2014 at Malvern, which is a great shop window for us and a lot of interest was shown at the stand. A big thanks goes to Helen for all her hard work and well done with getting third place in the stand competition.

We held our progeny show again at Welshpool Livestock Market. Tudor Harris, Bonvilston judged the Bluefaced Leicesters and Ken Jones, Lawson judged the Mules. Breed Champion was a recorded ram lamb from Elfyn Owen, Cernyw and reserve went to Ray Harding, Shrewbridge with a shearling ewe. The Bluefaced Leicester Progeny Champion Group went to Aled Jones, Craig Yr Orsedd with three ewe lambs. In the Mule section the Breed Champion went to a coloured Mule lamb from Stephen Abberley, Old Hemley who also won the progeny group.

The sales this year have been fair, with the buyers bidding more on top quality sheep. The Pre-sale Champion of the NSA Builth Wells went to Myrfyn Roberts, Myfyrian selling for 2,200 gns. Top price of the day went to Aled Jones at 3,000 gns.

The overall Champion at Welshpool went to Richard Howatson, Clwyd flock with a four year old ewe and top price went to Aled Jones again with 1.300 ans.

The overall Champion was awarded to Elfyn Owen at Ruthin Sale, who also achieved the top price of the day.

Many Welsh breeders ventured up north again to Hawes and Carlisle, where Michael James, Duhonw achieved 1st and 2nd place in the ram lamb section and Overall Champion at Hawes.

We are hoping to hold our AGM alongside a stockjudging afternoon/ evening in January. All ideas for the event are very welcome.

Finally, I would like to wish you all a Merry Chirstmas and a successful 2015. **Michael James - Chairman** 

#### **South West**

Similar to the rest of the UK, we here in the South West of England have experienced a great summer and autumn as far as weather conditions are concerned. Good quality grass has grown continuously and the ewes look in excellent condition to take the rams just now as I write.

It was an enjoyable experience for me to attend the Association's AGM in May at Carlisle and feel honoured to be elected as President for the coming year. Ann and I extended our stay when we were up in the North of England to take in trips to the Dales, and to the Lakes which we thoroughly enjoyed. I could have done without the speeding ticket I picked up in Carlisle, but I haven't anyone else to blame.

The show season in the South West got off to a great start at the Devon County Show. Our club treasurer Helen Havill had tremendous success with her show sheep. She not only won the Breed Championship with her senior ram, an Elian tup bred by G P Williams, but her homebred ewe won the female championship as well. When it came to the interbreed judging, these two sheep together with Helen's shearling ram won the Interbreed Group Of Three Championship. She also was placed Reserve in the Pairs Championship and the senior ram was also reserve overall in the individual sheep award.

The autumn breeding sales have seen a brisk trade for the local Mules. The South West Mule group first sale at Tavistock saw K C & J C Heard top the trade with their Scotch Mules at £124. The first ever official sale at Exeter Market was topped by Peter Heard with his North Country Mule lambs at £126. The Bluefaced Leicester Association Show and Sale at Tavistock saw a big improvement in demand for the rams compared with other years. Leyland Branfield, Danesbrook topped the shearling ram trade at 980 gns and had another shearling in at £900 as did Helen Havill with her second prize shearling ram. Peter Heard won the breed championship with his ram lamb.

The annual club sale at Blackmoor Gate Mart saw a solid trade for commercial shearling rams with the top breeders averaging well over  $\mathfrak{L}500$  per head per pen. The Exmoor Mule ewe lambs were in demand once again at the Blackmoor Gate ewe lamb sale. J R Richards & Son averaging over  $\mathfrak{L}90$  for the 350 head they had forward. Our Bluefaced Leicesters and the crossbred ewe lambs continue to show increased popularity in South West England which is greatly encouraging.

We now look forward to our annual Christmas Dinner when members meet up for this social occasion, a new venue this year, the Lymington Arms at Wembworthy, and we welcome friends old and new.

Brian Dallyn - Chairman

#### **Northern Ireland**

The howling wind and rain beating on my windows outside is a sharp reminder that winter has arrived, bringing an end to a glorious summer and a much appreciated mild autumn.

Our show season kicked off at Balmoral and the judge, Richard Hutchinson, Kirkby Redgate, found his Champion, a tremendous ewe, in the pen of John Blaney, Tievebuaile Farm. This ewe also went on to win the Longwool Championship.

At our progeny show in Co Antrim, the Champion and the Champion progeny group were exhibited by Seamus Laverty. These were sired by his ram "Cottage Contraband", making it four consecutive years "Contraband" has been sire of the progeny Champions. The Champion Mule, a ewe lamb, and the Champion Mule Progeny Group of ewe lambs were exhibited by Jim Mills. These were sired by his Firth bred ram.

Throughout the show season the major honours were won by Hugh Henry, William Bell, Graham & Julie Loughery, Michelle Wright and McCormick Brothers joining the afore mentioned winners.

Once again we had a family themed fun night in Ballymena Rugby Club, a very enjoyable night for all who attended. Special thanks to our secretary, Diane for organising the event and also to Michelle and Elaine for showing us their culinary skills!

Our premier sale in Ballymena was judged by John Park, Forebrae and he found his Champion in my Tullyvallen pen, a ram lamb sired by Z4 Hundith. The judge, with Alec Brown, Macqueston, later purchased the Champion at 1200 gns. Top price in the ram lambs went to Robert Loughridge, selling at 2300 gns to Alec Brown. The Reserve Champion, a shearling ram from the Knockstacken flock of Timothy Wray realised top price of the day selling at 2550 gns. Timothy's pen of shearlings also won the trophy, presented by the Kerr family, for the best pen of sheep in the sale. Female Champion, a ewe lamb exhibited by Alistair Christie sold for 500 gns.

In Armoy, judged by Declan McKillop, a shearling exhibited by Robert Loughridge was Champion, selling at 560 gns. Reserve Champion, a ram lamb from Glenane, Eamon and Hugo McKeegan sold at 700 gns. The female Champion, also from Glenane sold at 150 gns.

The Mule sales enjoyed a steady trade this year with averages up on 2013. I would, however, like to congratulate the exhibitors at the sales, not only on the quality of their stock, but also on the time took preparing them for presentation.

Pictured at the annual dinner dance - Summer Show winners - Seamus Laverty, Hugh Henry, Brendan Blaney, Michelle Wright, Niall McCormick and Julie Loughery.

Our annual dinner dance in November was thoroughly enjoyed by all who attended and once again many thanks to Diane for organising it. Awards were handed out to our pedigree and Mule sale winners but a special mention to Niall McCormick, winner of the Cydectin Young Handler of the year, 2014. Thanks also to Hugo McKeegan who helped me distribute the awards. **Continued on page 24.** 

Pictured at the annual dinner dance - Overall Champion Flock Competition winners Graham and Julie Loughery with judges Trevor and Steven Duncan

Our flock competition, judged by Stephen Duncan was won this year by Graham and Julie Loughery, Temain, with Michelle Wright, Mullaghwee reserve. The small flock winners were Eamon and Hugo McKeegan, Glenane.

Finally, many thanks to Diane, the committee, sponsors, members and friends who contributed to our club this year. I shall finish by wishing you all good health and a successful 2015. **Richard Graham - Chairman** 

#### **Scotland**

Sitting here on a wet October night with the task of writing my first report as Scottish Chairman, I find it hard to believe where the year has gone.

The Scottish region has had a busy year in 2014. In May Matt Drummond and myself travelled to Smallburns Farm, Elgin with the stand and a pair of gimmers kindly supplied by the Drummond family, Cassington flock for The Grass Tech Event which was organised by The Royal Northern Agricultural Society. This proved to be a very well organised event that gave us a great opportunity to meet some of the members in the North of Scotland as well as some potential new members.

One week later I travelled to Quixwood Farm, Duns for NSA Scotsheep, but unfortunately one thing that couldn't be predicted was the weather which did effect visitor numbers on the day, but it didn't dampen the enthusiasm of the Scottish sheep breeders. The stand was brought out to its usual high standard, and we had four pens of sheep on the stand that were a credit to the breeders that kindly supplied them. I would like to thank the Hall family from Firth flock, Mrs Sharp, Newbigging Walls, Mr Macalpine, Mayfield Farm, Mr Rogerson, Burncastle Farm and the Common family at Crossdykes for taking time and effort to get these sheep ready to such a high standard which is very much appreciated.

The next event on the calendar was the The Royal Highland Show in June that was judged by local breeder Alan Wight, Midlock flock. Alan awarded Breed Champion to a home bred gimmer from Jimmy Bell Cottage Flock, and Reserve Champion to a tup lamb from Neil Marston, Highberries flock. The usual high standard of sheep were on show again this year, and it's a credit to all the breeders that take part.

Moving on to the progeny show at Perth. There was a great turnout of over 110 Bluefaced Leicesters from all over Scotland with sheep coming from as far as Wick in Caithness. The judge for the day was Northumberland breeder Nicky Robinson, Cocklaw flock who awarded Breed Champion in the individual classes to A & J Adam, Glamis flock with a gimmer and Reserve went to R K Bryce with a tup lamb. In the progeny section, the Champion group went to M & C Drummond, Cassington flock with a pair of ewes and Reserve went to A & J Adam, Glamis flock with a pair of gimmers. The progeny show at Perth proved to be a great success with the judge commenting on the great quality of stock put in front of him.

#### Kelso Sale

Kelso tup sale again had a great turnout of shearling tups and tup lambs. The Champion was awarded by the day's judge Phillip Teasdale to the first prize tup lamb from the Midlock flock which later sold for  $\mathfrak L8500$ . Reserve Champion went to the shearling tup from the Browell family, Quarry house flock. Tups proved to be a great trade at Kelso with 508 shearlings averaging  $\mathfrak L867.44$  and 26 lambs averaging  $\mathfrak L1081.54$ .

#### Castle Douglas Sale

The day's judge was Ashley Caton who awarded the Championship to a tup lamb from the Wight family, Midlock flock that later sold for £1300 with a lamb from the same pen topping the sale at £5000. Reserve Champion went to a shearling from J & D Blues. Averages were back on the year with purchasers being selective - shearling tups averaged £599.17, and tup lambs averaging £799.84. I would like to congratulate all the Scottish breeders that are leaving their mark at sales south of the border. With a special congratulations to the Wight Family at Midlock that have had a great year topping no fewer than five sales plus two sale Champions. This is a great achievement.

Stephen Crozier - Chairman
