PREFACE.

It has been my privilege in this, the first year of the Bluefaced Leicester Sheep Breeders Association, to be Chairman of the Council of Management I would like to take this opportunity to express my appreciation of the willingness of each and every member to do everything possible to see the Association off to a splendid start. We can now look back on what I think has been a very successful year. The quality of the stock at our annual sales, with very few exceptions, was extremely high. The breed has continued to expand, not only in numbers, but is also proving a suitable cross on an increasing number of hill breeds.

As an Association we should fully appreciate that it must be the Bluefaced Leicester's crossing ability on which the breed will stand or fall.

The pattern of our sheep industry is well established. The hill breeds, when suitably crossed, will continue to supply the lowland farmer with a ewe most suitable for the economical production of fat lambs. In this general pattern our breed is well established. By the continued improvement in conformation, prolificacy and milking ability we can continue to expand and play an increasingly important role in the future.

In this, the first volume of the flock book, the particulars must, of necessity, be brief, but I am convinced that as more details become available in future volumes, it will be a great asset to Breeders.

OBJECTS OF THE ASSOCIATION.

The name of the Association shall be the *BLUEFACED LEICESTER SHEEP BREEDERS' ASSOCIATION*.

The Association is established for the purposes of promoting agriculture by:-

- (a) encouraging the breeding and maintaining the purity of the Bluefaced Leicester sheep;
- (b) establishing and publishing a flockbook of recognised pure-bred stock of the Bluefaced Leicester sheep;
- (c) registering the pure-bred progeny of the Bluefaced Leicester sheep;
- (a) generally advancing the Bluefaced Leicester sheep and maintaining and improving the standard of carcass quality milking ability and prolificacy of the Bluefaced Leicester sheep and their progeny;
- (e) doing all such other things as are incidental or conducive to the attainment of the above objects or any of them.

Rules Governing Membership and Inspection and Registration of Sheep

MEMBERSHIP.

Application for membership may be made by any person and shall be made in writing to the office of the Association and shall be accompanied by the appropriate annual membership fee. The member shall thereupon be deemed to be elected unless the Council of Management shall refuse the application.

MEMBERSHIP FEES.

The annual membership fee shall be £2 2s 0d for members whose flocks of Bluefaced Leicester sheep comprise not less than ten ewes and £1 1s 0d for other members. Fees shall be paid on the 1st day of January in each year by Banker's Order. No member shall be entitled to receive a refund of any part of the membership fee for the year in which he becomes or ceases to be a member (or to pay only a proportion of such fee).

INSPECTION AND REGISTRATION OF SHEEP

- (a) *Males* and *Females* of the breed shall be inspected by panels of inspectors annually appointed by the Council of Management. Breeders shall have the right to appeal to the Council against the decision of the Inspectors. In the event of such an appeal the council shall appoint a referee whose decision shall be final and binding upon the member.
- (b) Rams and ram lambs shall be registered at a charge of five shillings each and *Females* at a charge of two shillings and sixpence each. If such fees are not paid on the day of inspection to the inspectors no animal will be accepted for the flock book. One copy of a printed entry form will be completed by the inspectors and given to the member while another copy will be retained by the inspectors.
- (c) Each flock shall be given a flock number by the secretary. The emblem of the Association shall be a hexagon with an 'L' in the centre thereof. The left ear shall be used for the year letter, a number showing sequence of birth and breeders' private marks of identification while the right ear shall be tattooed by the inspectors with the emblem of the Association and the flock number. Tags or tattoos may be used in the left ear at the discretion of the member, provided that any tags used would be those named by the Council.
- (d) Members shall present the whole of their female stock for inspection. Any rejected by the panel of inspectors may remain on the farm provided that another breed of ram is used on them.
- (e) All Bluefaced Leicester sheep shall be described as such on all occasions.
- (f) Inspection shall be conducted prior to association's sales.
