## CONDITIONS OF SALE

### The Sale will be conducted under the auspices of the Bluefaced Leicester Sheep Breeders Association

#### ELEGIBILITY

All Sheep are the Produce Of Registered Flocks And Consigned By Members Of The Bluefaced Leicester Sheep Breeders' Association

THE ASSOCIATION HAS BANNED THE USE OF IVF AND SEXED SEMEN WITHIN THE BLUEFACED LEICESTER SHEEP BREEDERS' ASSOCIATION

#### ENTRIES

1. The Exhibitor is the Breeder unless otherwise stated.
2. Animals marked \* are Two-shear or over.
3. Flock Prefix is shown in Capitals.
4. All sheep classified by the Association as 'Elite' Approved or 'Elite Plus' and their progeny, are marked 'E' 'A' or 'E+' accordingly.
5. If you are a member of a Health Scheme and would like this included in the Catalogue please tick the box on the entry form – the name of the scheme will not be listed – just that you are a member of a scheme
6. Entries to the Sales must be made on the Official Entry Forms. Please list your animals in sale order. All lambs entered for the Association Sales must be fully registered on to the Grassroots Database system prior to sale so you must complete the entry form in full including UK Tag Information, Sire and Dam information. For Shearlings and Older Sheep entry can be accepted with the Registration Number only as long as the breeding history is complete on the database.
7. All Sheep to be allowed one entry only at Official Bluefaced Leicester Sales per year. Sheep not presented when entered may be used as a substitute at another sale.
8. One substitute sheep per vendor, per ten sheep, or part thereof, per section entered will be allowed. The Substituted sheep is to be marked with a blue disc hung around its neck on a string – this will be supplied by the Association Office. **If you are substituting a ram or ewe lamb these too must be registered on the Grassroots Database prior to Sale time so please ensure your list of substitute lambs are registered.**

#### EAR TAGS

9. All sheep must be tagged with Association tags that comply with UK legislation and Association rules on identification. The vendor shall be responsible for the correctness of identity
10. Ear numbers will be checked prior to sheep entering the ring. Those which do not tally with the entry form will be rejected.
11. Only Catalogued Sheep will be allowed in the market.

#### INSPECTIONS

12. All sheep are subject to inspection on sale day by Association Inspectors. **Vendors or their representative should try to be present (but not in their pen) during these inspections.**
13. All sheep forward for pre sale show classes must be identified by their catalogued lot number either hung on a string around the sheep's neck or marked on the sheep's face and then will be subject to inspection by the Association Inspectors prior to entering the Judging ring.
14. The Inspectors decision is Final.
15. Red spots marked on sheep by the inspector indicate that:
  - (a) A ram of any age is marginally incorrect in the testicles and the fault will be intimated to the Auctioneer by the Exhibitor and announced at the time of Sale and the ram warranted a stock getter by the Exhibitor. The sheep will be marked with a red spot on the rump.
  - (b) An adult sheep is considered to be of good conformation but marginal in the mouth and the fault will be intimated to the Auctioneer by the Exhibitor and announced at time of Sale. The sheep will be marked with a red spot on the shoulder.

- (c) Lambs - If the teeth on a lamb can be scraped it will be red spotted, Bad mouthed lambs will still be rejected.
- (d) Sheep which are rejected will have the Association Logo cut from the tag, head marked and must be removed immediately from the Auction Mart.

## **SALES**

- 16. All sheep must be penned at least 1 hour prior to start time of the sale. This includes females whose sale start later in the day. **OTHERWISE THEY WILL NOT BE SOLD.**
- 17. Pre Sale Showing - Only two sheep are allowed out per member per class and must be identified with their catalogued lot number displayed either on a string around the sheep's neck or the number marked on the sheep's face.
- 18. All sheep must be sold in the order in which they are catalogued with the exception of the Champion Sheep, which can come anywhere in the exhibitor's run of sheep.
- 19. The 2023 Upset Price for All Rams is £200. The Upset Price for Females is £150 – This applies to all sales except Northern Ireland Sales in Ballymena and Armoy where the upset price is £200 for Rams & Females.
- 20. **Coloured wool** must be declared by the Vendor at the time of sale, but Inspectors still have the right to reject sheep for coloured wool so extensive as to seem not true to breed type. If coloured wool is not declared and found by the purchaser before it leaves the market, the sheep can be returned on that day.
- 21. **Anyone found to have "ground" the teeth of any animal will be severely dealt with.**
- 22. Purchasers must satisfy themselves as to the correctness of any animal for which they bid, which will be their responsibility at the fall of the hammer.
- 23. Any complaint for cudspilling must be lodged with the Auctioneers before the sheep is removed from the Sale premises. The return of a sheep for cudspilling shall be a matter to be resolved between the Vendor and the Purchaser.
- 24. No shaving/clipping of hair in front of the eyes will be permitted and the sheep will be removed from the auction mart.
- 25. All disputes are a matter to be resolved between the vendor and purchaser. The Association does not guarantee the stock getting capabilities of any sheep.
- 26. Only Rosettes awarded which apply to the Sale you are attending will be allowed to be exhibited on vendors' pens prior to sale. All other rosettes will not be permitted to be displayed.
- 27. NB. Due to Health and Safety Guidelines, the Association has banned the use of dips and water sprays at the Auction Premises.
- 28. Prior to purchase it is the responsibility of the buyer to ensure that any Bluefaced Leicester they wish to breed pedigree stock from is fully registered with the Association

## **VENDORS CONDITIONS OF WARRANTY:**

- (i) If a ram is proved incapable of and ineffective at natural service, and is to be returned by the purchaser to the vendor, notice must be given as soon as possible by the purchaser to the vendor and the ram must be returned to the vendor no later than 5th December in reasonable condition. The purchaser agrees that the right to reject the ram and return it under this clause will be lost if the purchaser has after purchase taken semen from the ram.
- (ii) No claim on the vendor to exceed the purchase price of the ram.
- (iii) Any female should be guaranteed free of lamb at time of sale unless otherwise stated. Any animal to be returned should be returned by 5th January in reasonable condition.
- (iv) No claim on the vendor to exceed the purchase price of the animal.

Any member selling a ram from which semen has already been stored must advise the auctioneers and have it announced at time of Sale.

Whilst every care is taken in compiling this catalogue the Association does not accept responsibility for any errors which may occur.

### EBV A brief explanation:

|                           |                                                                                                                                                                                                                                             |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Birth Weight              | Negative values indicate animals that will produce smaller lambs at birth.                                                                                                                                                                  |
| Eight Week Weight         | Breeding potential for lamb growth rates from birth to 8 weeks of age.                                                                                                                                                                      |
| Shearling Weight          | Choosing animals with high figures for this trait will increase mature size                                                                                                                                                                 |
| Litter Size               | The breeding potential to produce prolific female progeny.                                                                                                                                                                                  |
| Litter Size Reared        | Positive values indicate ewes who will rear more lambs.                                                                                                                                                                                     |
| Maternal Ability          | Maternal component of 8wk measurement. Higher figures mean a ram's ewe lambs will perform better as mothers (milking ability).                                                                                                              |
| Scan Weight               | Breeding potential for lamb growth rates to 21 weeks (age at scanning). Selection of breeding stock with high scan weight EBVs will result in animals with heavier carcasses at a constant fat class or leaner carcasses at a constant age. |
| Muscle Depth              | Choosing animals with high muscle depth EBVs will increase lamb muscularity and hence the lean meat content of the carcase.                                                                                                                 |
| Fat Depth                 | Negative values indicate animals with lower fat content which will produce leaner carcasses, or which can be taken to higher weights without becoming over-fat.                                                                             |
| Mature Weight (PreMating) | An indication of breeding potential for mature ewe weights at mating.                                                                                                                                                                       |
| BCS (PreMating)           | Breeding potential for body condition score, higher values indicating breeding lines tending to have higher BCS at mating time.                                                                                                             |
| BFL Index                 | Highlights superior breeding stock for a specific objective.                                                                                                                                                                                |

## Performance Mules

Welcome to the Bluefaced Leicesters breeding and marketing initiative of Mules sired by performance recorded Bluefaced Leicesters in the top 50% of the breed. As we are aware there is an increasing demand for a scientific approach in many areas of agriculture and sheep farming is no different.

Our aim is to provide the sheep industry with high performing, profitable ewes which benefit from the maximum amount of hybrid vigour. It has been proven that the benefits of hybrid vigour are at their highest when two breeds are used and that it decreases as more breeds are added to the mix. The crossing of the Bluefaced Leicester with any pure hill breed is a proven method of maximising the benefits of hybrid vigour, producing mules for professional farm managers and shepherds. We now want to work with Mule breeders to develop and identify Performance Mules .

In 2014 the Welsh Mule Society were the first group of breeders to take up this initiative and offer Performance Mules at their association sales. Mule breeders will again this year be able to market their female Mules as 'Performance Mules' if they meet a few simple qualifying criteria.

### How to qualify as a Performance Mule

Mule breeders will need to work with the Bluefaced Leicester Association and their Mule society to formally identify Mules sired by above average index Performance recorded Bluefaced Leicesters.

- 1) All Mules in any one pen must be sired by a Bluefaced Leicester with an index in the top 50% on the year of purchase, according to Signet performance recorded data. This data is also available on the BASCO website.
- 2) Each Mule breeder can contact the Bluefaced Leicester Association for a certificate which highlights the identity of the Qualifying Ram or rams used. These certificates can be displayed on the pens at the Mule sales.
- 3) All Performance Mules will be identified by the initials 'PM' on their ear tags in a similar way as the Bluefaced Leicesters use the initial 'L'. Please contact your tag supplier to produce appropriate tags for 2023 born Performance Mules.

The Mule societies and Bluefaced Leicester Association will continue to work together as this initiative develops. Please contact the Association office should you require Certificates for your Qualifying rams.

### BLUEFACED LEICESTER QUALIFYING FIGURES

| YEAR OF BIRTH | QUALIFYING FIGURE |
|---------------|-------------------|
| 2013          | 97 or above       |
| 2014          | 111 or above      |
| 2015          | 125 or above      |
| 2016          | 120 or above      |
| 2017          | 128 or above      |
| 2018          | 125 or above      |
| 2019          | 127 or above      |
| 2020          | 135 or above      |
| 2021          | 144 or above      |
| 2022          | 130 or above      |
| 2023          | 129 or above      |

# Bluefaced Leicester News from the Blues Magazine 2023

**BLUEFACED LEICESTER**  
SHEEP BREEDERS ASSOCIATION

## *Fantastic Opportunity to Advertise*

There are many benefits to be gained by advertising within the Bluefaced Leicester Annual Magazine

This is an opportunity available to all Members of the Association.

### Benefits include:

- Promotion of your Flock
- Highlight your achievements over the year
- Encourage prospective buyers
- A Copy is sent out to all paid up members of the Association, to all new members and is available to pick-up on all of our show stands.

For an additional charge of £30, your advert can be designed by Sarah Harvey, Graphic Designer. Sarah is one of the industry's leading 'go to' designers for breed Societies. The BFL Office can also provide help & advice with ideas for content.

Please note that all adverts are the property of Sarah Harvey until the Magazine is Published, thereafter you are free to use.

### Advertising rates for members are as follows

**Half Page Advert: £35.00**

**Full Page Advert: £60.00**

For an additional charge of £30, your advert can be designed by Sarah Harvey, Graphic Designer.

Full details will be available to download from our website under the resources tab.
